

JESSICA SPROUL

(971) 281 4298 · jsprouldesigns@outlook.com · Portland, Oregon

PORTFOLIO: www.jessicasproul.com

SUMMARY: Product Designer with a background in behavioral anthropology and front-end development. I combine observational research methods with hands-on Figma prototyping and front-end execution to build intuitive, accessible, and user-centered digital products.

EXPERIENCE

Front-End Web Developer

Advantage Media Partners · Beaverton, OR · Jan 2026 – Present

- Design responsive, accessible web applications using HTML/CSS, React, WordPress, and Divi.
- Redesign information architecture and navigation patterns across client sites, reducing friction in core user journeys and improving overall site usability.
- Develop low- and high-fidelity Figma prototypes to evaluate visual hierarchy, component scalability, and technical feasibility before production.
- Perform systematic cross-browser and mobile responsiveness testing to optimize layout performance across device viewports.

UX/UI Design Intern

Tunepact · Remote · California · Apr 2025 – Nov 2025

- Executed end-to-end product design workflows for a music marketing platform, collaborating with developers and product teams in Jira.
- Facilitated qualitative user feedback sessions, translating user insights into refined user flows, wireframes, and interactive screen designs.
- Built interactive Figma prototypes to validate core feature interactions and usability prior to developer handoff.
- Established reusable UI component libraries, visual hierarchy standards, and design system patterns to ensure visual consistency across the platform.

Marketing Admin & Graphic Designer

Foodz Catering · Seattle, WA · Nov 2024 – Aug 2025

- Maintained content architecture and web layout updates across WordPress and Squarespace platforms to ensure intuitive customer navigation.
- Designed quantitative user feedback surveys in SurveyMonkey, analyzing customer preference data to inform website revisions and structural improvements.
- Created digital marketing assets, visual menus, and brand collateral utilizing Adobe Creative Cloud.

Freelance Artist

Creative Chaos Prints · Seattle, WA · Jan 2023 – Jan 2024

- Managed product development lifecycle from initial concept and digital asset creation to vendor coordination and e-commerce release.
- Designed customer touchpoints, digital storefront layouts, and brand identity assets to streamline the purchasing experience.
- Managed direct-to-consumer sales and customer engagement independently at regional events.

EDUCATION

Graphic Design & Advertising Focus in UX design

Bachelor of Arts · Southern New Hampshire University · 2025

Coursework: UX/UI Research, Design Thinking, Information Architecture, Interactive Prototyping, Web Typography.

Anthropology

Bachelor of Science · University of Oregon · 2022

Core Focus: Human Behavioral Analysis, Observational Research Methods, Qualitative & Quantitative Analysis.

SKILLS & TOOLS

UX/UI Design: User Research, Information Architecture, Wireframing, Rapid Prototyping, Usability Testing, Visual Hierarchy, Design Systems, User Flows, User Interviewing, User Journey Mapping, WCAG Accessibility Standards

Software & Tools: Figma, Adobe XD, Jira, Adobe Creative Cloud, SurveyMonkey

Development: HTML/CSS, React, WordPress, Divi, Cross-Browser Testing, Cursor, Git
